Title:	TARGETED MODIFICATION OF INTRACELLULAR COMPOUNDS		

**CHANGE OF ADDRESS AND RESUBMISSION OF
COMBINED DECLARATIONS AND POWERS OF ATTORNEY**

Applicants have previously submitted on May 4, 2005, a combined declaration and power of attorney signed by each inventor. The return postcard was received from OIPE bearing a date-stamp of May 6, 2005. Based on a review of data in the public and private PAIR databases, however, it appears that the correspondence address and attorneys of record for the above-captioned application was never recorded in the Patent Office.

Accordingly, applicants resubmit a copy of the previously submitted combined declarations and powers of attorney, attached herewith, and respectfully request that it be accepted and recorded in the Patent Office. Said document is also available in the image file wrapper of the instant application as viewable in public and private PAIR.

In addition, consistent with the previously submitted declarations and powers of attorney, please forward all correspondence relating to the above-captioned application to the address associated with Customer No. **21559**, and associate this customer number with this application.

Furthermore, also consistent with the previously submitted declarations and powers of attorney, applicants respectfully request that the PAIR databases be updated to reflect that applicants have appointed the attorneys and/or agents associated with customer number **21559** to prosecute the above-captioned application and to transact all business in the United States Patent and Trademark Office connected therewith.

If there are any charges or any credits, please apply them to Deposit Account No. 03-2095.

Respectfully submitted,

Date: 07 June 2006
